INTRODUCTION

From Indian farms to global markets

ValueMax Exim is an Indian export business focused on sourcing and supplying agricultural products for international buyers. We combine farm-level sourcing, product selection, quality-focused handling and export coordination to create dependable supply solutions.

VISION To build ValueMax Exim into a trusted global partner for Indian agricultural products.	MISSION To connect quality Indian produce with buyers through dependable sourcing, careful handling and responsive export service.
VALUES Quality • Integrity • Reliability • Farmer relationships • Customer focus	APPROACH Farm to shipment – source, select, check, pack, document and deliver.

OUR SOURCING & SUPPLY NETWORK

Where agriculture meets export discipline

The reference brochures emphasize coordinated sourcing, processing, quality control, packaging, warehousing and logistics. ValueMax Exim follows the same end-to-end export structure, adapted to a multi-commodity portfolio.

01 SOURCE Trusted farmers, growers and producers	02 SELECT Grade, size, appearance and product-specific parameters
03 HANDLE Hygienic processing / controlled post-harvest handling	04 CHECK Quality, specification and documentation review
05 PACK Export and private-label packaging options	06 SHIP Container planning, documentation and delivery coordination

OUR COMPETITIVE EDGE

Quality that travels well

Our product philosophy is built around the same principles highlighted in the reference brochures: consistency, hygiene, careful selection, export-ready packaging and customer-specific solutions.

QUALITY FOCUS Product specifications, visual selection, moisture / purity parameters where applicable, and destination requirements.	PRIVATE LABEL Customized packs for retail, wholesale and institutional buyers, subject to product and market requirements.
MULTI-COMMODITY Rice, turmeric, fresh banana and spices under one export partner.	FARMER CONNECT Direct and managed sourcing relationships help us maintain product continuity and understand origin.

KULWAAN • OUR BRAND

GOOD FOOD. BETTER TOMORROW.

Kulwaan is the consumer-facing brand presented in the supplied product artwork. The portfolio shown here includes Basmati Rice, Non-Basmati Rice and Turmeric Powder, with additional spice products planned for the range.

Private Label & Consumer Packs: The supplied packaging artwork demonstrates retail-ready designs with ValueMax Exim identification, product information and QR-based web access. Packaging sizes and final statutory declarations should be confirmed before commercial printing.

PACKAGING & EXPORT PROCESS

Built around buyer requirements

The reference export brochure highlights multiple packaging formats from small retail sizes through bulk packs, with customization by size and material. ValueMax Exim can use a similar buyer-led packaging approach.

RETAIL	Printed consumer packs • private label • QR / brand communication
BULK	PP • BOPP • woven / non-woven • institutional formats
CUSTOM	Size, material, artwork and labeling aligned to the market
SHIPMENT	Commercial documents • packing list • invoice • logistics coordination

EXPORT FLOW

Sourcing	Selection	Quality Check	Processing / Handling
Packaging	Documentation	Container / Logistics	Shipment

Reference source note: the supplied brochures describe packaging, quality-control stages, storage and export logistics as important parts of the rice supply chain. Those principles have been retained here without transferring another company's claims to ValueMax Exim.

ROOTED IN INDIA • READY FOR THE WORLD

Let's build a long-term trade partnership

ValueMax Exim welcomes importers, distributors, wholesalers, retailers, food-service buyers and private-label partners looking for dependable Indian agricultural products.
